📍 Noida, UP, India

SKILLS

- JavaScript
- HTML
- CSS
- React.js
- Node.js
- MongoDB
- AWS
- Java
- Python

CAREER OBJECTIVE

Web developer with a proven ability to adapt to both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with the VP of Crox Consulting Inc. to create a digital marketing campaign that tripled average signups in a single month. Eager to obtain a challenging position at a prestigious company that will expand my learning and build upon my developer skills.

WORK EXPERIENCE

Web Developer

Crox Consulting Inc

📅 September 2019 - May 2021   📍 Remote/ Noida, India

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, which improved user satisfaction by 31%.
- Built API following RESTful standards to allow users to submit information by storing data in MongoDB.
- Designed and developed web applications using JavaScript frameworks React.js to increase target audience engagement by 12%.
- Built mock designs and wireframes for landing pages for 5 new product concepts.
- Designed an integrated database using MongoDB that leveraged the React architecture to yield on-demand, detailed feedback.
- Created a Mobile Responsive User Experience with CSS Flexbox that allowed cross-platform accessibility to the website on any device with primary use on mobile. This increased the number of 5 star User Experience/User Interface reviews by 360%
